Dear Michigan Adjusters Associations,

I am writing you to express my honest appreciation for being selected as a recipient of a scholarship from the Michigan Adjusters Association. Your kindness will go towards funding my long-term goal of completing college with a Bachelor's of Science in Risk Management & Insurance and enable me to pursue a career full of endless opportunities in the insurance industry. I am proud to say that I take my education seriously and work hard throughout the year in order to pay for a significant portion of my tuition and books out of pocket.

Receiving this scholarship makes me even more determined to uphold the high academic marks that I have achieved thus far and ultimately, graduate from Ferris State University with honors. By awarding me with a scholarship, not only will the Michigan Adjusters Association be contributing to my college tuition, but being granted this scholarship from your organization will also increase my resume worthiness, possibly helping me land a job offer or two before and after graduation. Having one or more scholarships from a few highly regarded companies just may be the quality that puts me at an advantage over others in the field.

In the near future, I am hopeful to be given the chance to prove myself at a respectable insurance company. One that will allow me to continue to build on both my strengths and weaknesses through fresh knowledge and first-hand experiences, while taking in and understanding all there is to know about how the industry works outside the classroom. Eventually, I would love to have gained enough experience and heard enough words of wisdom to open a firm of my own. Over the years, taking the preventive measures to safeguard my assets and belongings from any possible casualties has become increasingly important to me. I am confident that, one day, I will be able to pass this trait along to others through both, the implementation of proper risk management measures and through the security of insurance. Once again, I cannot thank you enough for your generous offer.

Sincerely Grateful,

Scott Sawyer

Insurance & Risk Management Student
